## Instructions

Arizona Revised Statutes (A.R.S.) §15-271 requires the Arizona Auditor General to inform any school district failing to establish and maintain the requirements prescribed by the *Uniform System of Financial Records for Arizona School Districts* (USFR) that it has 90 days to correct the cited deficiencies. The USFR prescribes the minimum internal control policies and procedures to be used by Arizona school districts for accounting, financial reporting, budgeting, attendance reporting, and various other compliance requirements. To help the Arizona Auditor General determine whether a district has attained an acceptable degree of compliance with USFR requirements, the audit firm must complete this USFR Compliance Questionnaire (Questionnaire).

A.R.S. §§15-213(F) and 15-914(G) require districts to have a systematic review of their purchasing practices and average daily membership (ADM), respectively, performed in conjunction with their annual or biennial financial audit to determine whether the district complied with the applicable State of Arizona procurement and student attendance laws and rules. Auditor completion of the Procurement and Student attendance reporting Questionnaire sections constitutes the required systematic reviews.

Audit firms must gain an understanding of the district's internal controls and obtain and document sufficient, appropriate evidence annually to support each Questionnaire response. These instructions, the Questionnaire questions, and the required review procedures constitute the minimum audit standards for completing the Questionnaire. Required review procedures are included in the Questionnaire and in the "tooltip" next to applicable questions in the web-based auditor submission Questionnaire. The Arizona Auditor General may reject Questionnaires that are not prepared in compliance with the minimum audit standards.

- Audit documentation must describe the procedures performed, items reviewed, and the results of such procedures and reviews to support the auditor's Questionnaire responses and related comments.
- Evidence may be obtained through test work, observation, examination, and client assertion. However, client assertion alone is not adequate evidence to support "Yes" responses on the Questionnaire.
- The audit firm must determine the district reviewed documents and transactions and provided sufficient evidence of approval including manual or electronic signatures or initials and date of review.
- Audit firms must consider population size in determining the number of items to test (i.e., sample, scan, review, examine, or observe), and the items selected should be representative of the population. Therefore, testing 1 transaction, record, or item is not sufficient. The Credit cards and purchasing cards, Procurement, and Student attendance reporting Questionnaire sections prescribe minimum sample sizes for specific questions. Population and samples sizes used for test work should be entered in the fields provided next to the applicable questions throughout the Questionnaire.
- A **"Yes"** response indicates that the audit firm has determined that the district complied with the USFR for that question based on auditor obtained evidence. Several review procedures allow for auditors to determine whether the district implemented compensating controls when recommended USFR procedures could not be implemented due to limited staff size. When compensating controls are found, auditors should answer the question "Yes" and describe in the comments the compensating controls in place to meet the question's objective. However, the Arizona Auditor General makes the final determination of compliance with the USFR based on the evidence presented in the Questionnaire, audit reports, audit documentation, and any other sources of information available.
- A **"No"** response indicates the district did not comply with the USFR for that question. Audit firms must explain the district's deficiency noted for all "No" responses in the comment box below the question. Deficiencies must be described in sufficient detail to enable the Arizona Auditor General to determine the nature and significance of the deficiency for: (a) assessing compliance with the USFR, (b) appropriately describing the deficiency in a report, and (c) testing compliance during a status review. The description should include the number of items tested and the number of exceptions noted, dollar amount of the error, and any other relevant information that would provide context for the deficiency. For deficiencies related to processes required at regular intervals such as monthly bank reconciliations, the description should adequately describe whether the district's processes did not meet required intervals or were not completed at all. Each deficiency comment should specifically describe

how the district did not meet the USFR requirement described in the related question. Cash and revenues questions apply to all the district's cash and revenue, including food service, auxiliary operations, extracurricular activities fees tax credit, and student activities receipts and bank accounts. Comments for "No" responses to these questions should indicate the type of receipt or bank account to which the deficiency applies.

- An "N/A" response indicates the district did not have activity related to the USFR requirements for that question. The audit firm **must** explain all "N/A" responses in the comment box below the question, unless the reason for the N/A is obvious.

The questions in the Questionnaire do not address all requirements of the USFR. If the audit firm is aware of noncompliance with a requirement of the USFR that is not addressed in the Questionnaire, including the Arizona Administrative Code (A.A.C.), Title 7, Ch. 2, Articles 10 and 11, (School District Procurement Rules) and the Arizona Department of Education's (ADE) membership and attendance guidelines, the audit firm should include the compliance findings in its reports issued in accordance with Governmental Auditing Standards and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, as applicable.

The audit firm must make the resulting audit documentation supporting the audit firm's Questionnaire responses and comments available on request for the Arizona Auditor General and the ADE's review. To facilitate this review, the audit firm should include in the audit documentation a copy of the Questionnaire with references to the audit procedures performed for each question.

Once the audit firm has completed, reviewed, and signed the Questionnaire, it must submit it electronically to the Arizona Auditor General by following the instructions at the end of the web-based auditor submission Questionnaire. Audit firms should print the file to PDF to create the Questionnaire document to distribute to the district. As required by A.R.S. §15- 914(D), the district must submit the completed Questionnaire with the audit reporting package to the district's county school superintendent's office and ADE.

### Governing board/management procedures

**Objective: To determine whether the governing board and District management have established and implemented certain procedures as required by statute.**

01. The District held governing board meetings in accordance with [A.R.S. §§38-431 to 38-431.09](#), and prepared and retained written minutes and/or recordings. Yes

02. The District annually provided governing board members and employees guidance on what constitutes a substantial interest and that the conflict-of-interest statutes apply to all District governing board members and employees as a part of their employment. [A.R.S. §§38-502](#), [A.R.S. 38-503](#), and [38-509](#) Yes

03. The District annually obtained conflict-of-interest (COI) forms that allowed governing board members and employees to make known and fully disclose a conflict of interest in any contract, sale, purchase, service, or decision, and prior to accepting the forms, management reviewed the information to ensure governing board members and employees properly completed the form and sufficiently disclosed the required information. [A.R.S. §§38-502 and 38-503](#)

Yes ▼

04. The District maintained, for public inspection, a special file with all documents necessary to memorialize all governing board members and employees COI disclosures. [A.R.S. §38-509](#)

Yes ▼

05. Employees or governing board members with reported conflicts, except as provided in [A.R.S. §15-323](#), refrained from voting upon or otherwise participating in any manner in that contract, sale, purchase, service, or decision of the school district. [A.R.S. §§38-502 and 38-503\(A\) and \(B\)](#)

Yes ▼

06. The District's management notified the Arizona Auditor General and appropriately resolved all allegations of theft, fraud, or misuse of District monies and assets in a timely manner.

N/A ▼

No allegations of theft, fraud, or misuse of District monies or assets in the current fiscal year.

07. The governing board established written personnel and payroll policies and approved employee contracts, wage agreements, salary and wage schedules, and any other agreed-upon terms of employment.

The District did not purchase, construct, or lease any new buildings or school sites in the current fiscal year.

### Budgeting

**Objective: To determine whether the District's budget preparation processes ensure that the District properly allocates the monies it receives, stays within those budgets, and accurately informs the public about the use of those monies.**

01. The budget included all funds as required by [A.R.S. §15-905](#) and followed the form's [Budget —Submission and Publication Instructions](#). Yes ▾

02. Total budgeted expenditures on the originally adopted budget for the Maintenance and Operation (M&O) and Unrestricted Capital Outlay Funds (UCO) were less than or equal to the budgeted amounts on the published proposed budget and within the general budget limit (GBL) and the unrestricted capital budget limit (UCBL). [A.R.S. §15-905\(E\)](#) Yes ▾

03. The District revised its budget on or before December 15, if ADE notified the District that its M&O or UCO Fund budgeted expenditures exceeded the GBL or UCBL. [A.R.S. §15-905\(E\)](#). Yes ▾

04. The District completed its revised expenditure budget before May 15 and filed it electronically with the Superintendent of Public Instruction by May 18. [A.R.S. §15-905\(I\)](#). Yes ▾

05. The District reduced the budget by the prior year's overexpenditure (or a portion of the prior year's overexpenditure, as approved by the Superintendent of Public Instruction) or the District began the process to correct its prior year's data that impacts state-aid and/or budget capacity. [A.R.S. §§15-905\(M\)](#) and [15-915](#) N/A ▼

The District did not have a prior year overexpenditure.

### Accounting records

**Objective: To determine whether the District accurately maintains accounting records to provide support for financial information. Test work should indicate the procedures performed to document what processes and controls the District has in place to reduce the risk of undiscovered errors that would affect the reliability of information reported to the public and oversight agencies, such as tracing detailed source documents to the District's trial balance that agree to the financial statements.**

01. The District coded transactions in accordance with the [USFR Chart of Accounts](#). Yes ▼

#### ***Opinions***

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Osborn Elementary School District No. 8 (the "District"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Osborn Elementary School District No. 8, as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Emphasis of a Matter – Restatement of Fund Balances and Net Position**

As discussed in Note 11, beginning fund balances within the governmental funds and beginning net position within the statement of activities were restated to correct errors from a prior period. Our opinion is not modified with respect to these matters.

#### ***Responsibilities of Management for the Financial Statements***

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Responsibilities of Management for the Financial Statements (Continued)***

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension schedules, and budgetary comparison information, as listed within the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

**Required Supplementary Information (Continued)**

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Information**

Management is responsible for the other information included in the annual financial report. The other information includes the statistical sections but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2024 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**OSBORN ELEMENTARY SCHOOL DISTRICT NO. 8  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

---

As management of the Osborn Elementary School District No. 8 (District), we offer the readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2024.

**FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$17.8 million (net position). The District's total net position increased by \$4.4 million.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$49.2 million, an increase of \$30.9 million in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$12.4 million, or 55% of total General Fund expenditures.
- The District's net capital assets decreased \$1.9 million during the current year. The most significant factor contributing to the decrease in net capital assets was depreciation expense exceeding current year capital acquisitions.
- The District's long-term liabilities increased \$22.1 million or 31% due to the issuance of School Improvement Bonds, offset by scheduled principal payment and the decrease in the net pension liability from changes within the actuarial valuation.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes to net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the District that are principally supported by property taxes and intergovernmental revenues (governmental activities). The governmental activities of the District are for public education.

The government-wide financial statements can be found immediately following this MD&A.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the District are classified as governmental funds.

*Governmental Funds* – Governmental funds are used to account for essentially the same functions as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Special Projects Fund, Bond Building Fund, and Debt Service Fund, the four of which are considered to be major funds. Data from the other four governmental funds are combined into a single aggregated presentation.

An operating budget for expenditures is prepared and adopted by the District each fiscal year for the General, Special Revenue, Debt Service, and Capital Projects Funds. Budgetary control is ultimately exercised at the fund level. Budgetary control is maintained through the use of periodic reports that compare actual expenditures against budgeted amounts. The expenditure budget can be revised annually, per Arizona Revised Statutes. The District also maintains an encumbrance accounting system as one technique of maintaining budgetary control. Encumbered amounts lapse at year-end. An annual budget of revenue from all sources is not prepared.

As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

The basic governmental fund financial statements can be found on pages 14 - 17 of this report.

**Notes to Basic Financial Statements**

The notes to basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 18 - 37 of this report.

**Required Supplementary Information Other than MD&A**

The District reports a multi-year schedule of the District's proportionate share of net pension liability and contributions to its cost-sharing pension plan on page 38.

**Required Supplementary Information Other than MD&A (Continued)**

Governments have the option of presenting the General Fund and major special revenue budgetary statements as part of the basic financial statements or as required supplementary information (RSI) other than the MD&A. The District has elected to present the General Fund and Special Projects Fund budgetary comparison schedules as RSI other than the MD&A which can be found on pages 39 and 40 of this report. Notes to the RSI are presented after the budgetary comparison schedules on page 41.

**Other Information**

The statistical section includes selected financial, revenue, debt, and demographic information, generally presented on a multi-year basis. The statistical section can be found on pages 42 - 47 of this report.

**Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as useful indicators of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$17.8 million at the close of the most recent fiscal year.

A summary of the District's statement of net position is presented below:

MANGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

**Government-Wide Financial Analysis (Continued)**

By far the largest portion of the District's net position reflects its investment in capital assets (e.g., land, buildings, improvements, vehicles, equipment and furniture), less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the District's ongoing obligations to citizens and creditors. At the end of the current fiscal year, the District was able to report positive balances in all three categories of net position.

Overall, net position increased \$4.4 million or 33%. Key elements of this increase are indicated as follows:

	<b>Governmental Activities</b>

**OSBORN ELEMENTARY SCHOOL DISTRICT NO. 8  
MANGEMENT’S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

---

The District reported a decrease in charges for services of \$0.1 million (10%) which was not considered significant.

Operating grants and contributions increased \$2.7 million (21%) due to increases in federal funding related to COVID-19 initiatives.

The District did not receive any capital grants or contributions in the current year.

The District experienced a decrease in property tax revenue of \$1.1 million (5%) as a result of decreases in property tax rates.

State and county equalization and additional state aid decreased \$1.7 million (16%) due to decreases in the state funding formula and average daily membership.

The increase in federal aid unrestricted was due to increases in federal Medicaid reimbursements.

The decrease in interest and other income was not considered significant.

The District incurred a 1% decrease in expenses in the current year. The District’s mission is to provide an appropriate and outstanding educational experience for every student served within budget constraints. The decrease was mainly due to decreases in professional services, supplies, and technology.

**FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

*Governmental Funds* – The focus of the District’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District’s governmental funds reported combined ending fund balances of \$49.2 million, an increase of \$30.9 million in comparison with the prior year. Approximately 25% of this total amount (\$12.4 million) constitutes unassigned fund balance, which is available for spending at the government’s discretion. The remaining fund balance is restricted to indicate that it is not available for new spending.

Fund balances as of June 30, 2024, and the changes in fund balances from prior year are summarized below:

	<b>Balance</b>	<b>Increase (Decrease) From 2022-23</b>
<b>GOVERNMENTAL FUND</b>		
General Fund	\$ 13,004,113	\$ 1,235,908
Special Projects Fund	560,350	227,573
Bond Building Fund	30,218,419	29,277,961
Debt Service Fund	107,032	(67,906)
Nonmajor Governmental Funds	5,316,687	187,889
Total Governmental Fund Balances	<u>49,206,601</u>	<u>30,861,425</u>

**OSBORN ELEMENTARY SCHOOL DISTRICT NO. 8  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

---

The General Fund continues to experience a positive net change in fund balance. For the fiscal year ended June 30, 2024 the General Fund had an increase in fund balance of \$1.2 million. This increase was mainly due conservative spending practices. More information on which individual funds are grouped into the General Fund can be found in Note 1.

The \$0.2 million increase in the Special Projects Fund was due to an increase in grant revenues that will be spent in future periods.

The increase of \$29.3 million in the Bond Building Fund is due to the current year issuance of bonds and related premium. These proceeds will be spent in future periods.

The \$0.1 million decrease in the Debt Service Fund was not considered significant.

The decrease of \$0.2 million in the Nonmajor Governmental Funds was primarily due to consistent Classroom Site Funding and conservative spending practices.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

Differences between the original budget and the final amended budget totaled \$0.5 million. In Arizona, school districts build their original "adopted" budget based on a projection of the coming fiscal year's 100th day average daily attendance. In May, the District is allowed to increase or decrease its budget for differences between expected and actual student growth. The increase was allocated to special education – instruction and to regular education – instruction. Budgetary basis General Fund expenditures were \$3.4 million less than budget during the fiscal year. Budgetary basis expenditures were 15% under budget.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

The District's investment in capital assets for its governmental activities as of June 30, 2024, amounts to \$58.2 million (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, vehicles, furniture, and equipment. The net decrease in the District's investment in capital assets for the current year is due to depreciation expense exceeding current year capital acquisitions during the year.

Major capital asset events during the current fiscal year included the following projects:

- Playground equipment
- Technology upgrades.
- Two school buses and a transit van

Additional information on the District's capital assets can be found in Note 5 of this report.

**OSBORN ELEMENTARY SCHOOL DISTRICT NO. 8  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

Capital asset activity as of June 30, 2024 is summarized below:

	<b>Governmental Activities</b>		
	<b>2024</b>	<b>2023</b>	<b>Net Change</b>
<b>CAPITAL ASSETS</b>

<b>Total Capital Assets</b>	<b>\$ 58,227,394</b>	<b>\$ 60,099,198</b>	<b>\$ (1,871,804)</b>

**Long-Term Debt**

At end of the current fiscal year, the District's debt included bonds payable, subscription liability, compensated absences, and the net pension/OPEB liabilities. Bonds payable increased \$24.1 million due to the issuance of School Improvement Bonds offset regularly scheduled principal payments. The net pension liability decreased \$2.2 million due to factors as explained in Note 10 of this report. The changes within the subscription liability, compensated absences, and the net OPEB liability were not considered significant.

	<b>Governmental Activities</b>		
	<b>2024</b>	<b>2023</b>	<b>Net Change</b>
<b>LONG-TERM LIABILITIES</b>			
Subscription liability	\$ 34,148	\$ 77,082	\$ (42,934)
General obligation bonds	66,499,141	42,198,134	24,301,007
Compensated absences	750,826	787,114	(36,288)
Net pension liability	24,933,989	27,101,416	(2,167,427)
Net OPEB liability	20,345	15,411	4,934
<b>Total Long-term Liabilities</b>	<b>\$ 92,238,449</b>	<b>\$ 70,179,157</b>	<b>\$ 22,059,292</b>

The District's general obligation bonds are subject to two limits; the Constitutional debt limit (total debt limit) on all general obligation bonds (up to 15% of the total net full cash assessed valuation) and the statutory debt limit on Class B bonds (the greater of 10% of the net full cash assessed valuation or \$1,500 per student). The current total debt limitation for the District is \$99.3 million and the Class B debt limit is \$44.0 million, which are more than the District's total outstanding general obligation and Class B debt, respectively. Further information on the District's outstanding bonds can be found in Note 7.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

- Increased state funding levels, enrollment growth, staff compensation increases, and staffing needs to enhance instruction and student support services.
- Focus on addressing COVID-19 impacts, with a budget aimed at accelerated student learning and improved academic outcomes.
- Projected student enrollment growth due to new housing developments in the district.
- Salary increases for all employee groups based on district compensation studies and state minimum-wage requirements.
- The district pays 100% of health insurance premiums for qualified employees to assist in retaining, recruiting and attracting existing and new staff. Health insurance premiums increased by 5% compared to the previous year, which was factored into the FY 2024-25 budget.
- Voter-authorized capital override funding allocated \$1,500,000 in 2024-2025 to update curriculum, online educational tools, and technology hardware/software.
- Bond funded capital projects in 2024-25.

The above factors were considered in preparing the District's budget for the 2024-25 fiscal year.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL  
FUNDS TO THE STATEMENT OF NET POSITION  
JUNE 30, 2024**

---

**Total Fund Balance - Governmental Funds** \$ 49,206,601

Amounts reported for assets and liabilities for governmental activities in the statement of net position are different from amounts reported in governmental funds because:

Capital assets:

In governmental funds, only current assets are reported. In the statement of net position, all assets are reported, including capital assets and accumulated depreciation:

Capital assets	\$ 106,481,753	
Accumulated depreciation	(48,254,359)	58,227,394

Property tax revenue not collected within 60 days subsequent to fiscal year end are reported as deferred inflows of resources in the governmental funds: 727,638

Net OPEB asset:

In governmental funds, postretirement benefits costs are recognized as expenditures in the period they are paid. In the government-wide statements, they are recognized in the period they are incurred. The net OPEB asset at the end of the period was:

841,315

Long-term liabilities:

In governmental funds, only current liabilities are reported. In the statement of net position, all liabilities, including long-term liabilities, are reported.

Long-term liabilities relating to governmental activities consist of:

Subscription liabilities	(34,148)	
Net pension liability	(24,933,989)	
Net OPEB liability	(20,345)	
General obligation bonds payable	(60,565,000)	
Unamortized premium on bonds payable	(5,934,141)	
Compensated absences	(750,826)	(92,238,449)

Deferred outflows and inflows of resources relating to pensions:

In governmental funds, deferred outflows and inflows of resources relating to pensions are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to pensions are reported:

Deferred outflows of resources relating to pensions	3,424,988	
Deferred inflows of resources relating to pensions	(2,096,902)	
Deferred outflows of resources relating to OPEB	145,594	
Deferred inflows of resources relating to OPEB	(422,317)	1,051,363

**OSBORN ELEMENTARY SCHOOL DISTRICT NO. 8  
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED JUNE 30, 2024**

---

**Net Change in Fund Balances - Governmental Funds** \$ 30,861,425

Amounts reported for governmental activities in the statement of activities are different from amounts reported in governmental funds because:

In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense.

	Expenditures for capital outlay: \$	2,655,876	
	Depreciation expense:	<u>(4,390,293)</u>	(1,734,417)

In governmental funds, the entire proceeds from disposal of capital assets are reported as revenue. In the statement of activities, only the resulting gain or loss is reported. (137,387)

Some revenues reported in the governmental funds that did not provide current financial resources in prior years have been recognized previously in the statement of activities and therefore are not reported as revenues in the statement of activities.

Property taxes 285,370

Governmental funds report pension contributions as expenditures when made. However, in the statement of activities, pension expense is the cost of benefits earned, adjusted for member contributions, the recognition of changes in deferred outflows and inflows of resources related to pensions.

	Pension contributions	2,523,857	
	Pension expense	(3,320,893)	
	Other post employment benefits contributions	54,188	
	Other post employment benefits expense (income)	<u>77,449</u>	(665,399)

The issuance of long-term debt (e.g. bonds, financed purchases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The issuance of long-term debt increases long-term liabilities on the statement of net position and the repayment of principal on long-term debt reduces long-term debt on the statement of net position.

	Issuance of general obligation bonds	(28,025,000)	
	Premium on issuance	(2,479,659)	
	Principal payment on subscription liabilities	42,934	
	Principal payment on general obligation bonds	5,360,000	
	Amortization of bond premium	<u>843,652</u>	(24,258,073)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

	Net change in compensated absences	<u>36,288</u>	
<b>Change in Net Position of Governmental Activities</b>		<u>\$ 4,387,807</u>

## **NOTES TO BASIC FINANCIAL STATEMENTS**

---

**OSBORN ELEMENTARY SCHOOL DISTRICT NO. 8**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying financial statements of the Osborn Elementary School District No. 8 (District) have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB). A summary of the District's more significant accounting policies follows.

**Reporting Entity**

The District is a special-purpose government that a separately elected governing body governs. It is legally separate from and fiscally independent of other state and local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and it is not included in any other governmental reporting entity. Consequently, the District's financial statements present only the funds of those organizational entities for which its elected governing board is financially accountable.

**Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. The effect of interfund activity has been removed from these statements. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The District had no business-type activities during the fiscal year.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available.

Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting, except expenditures related to compensated absences and claims and judgments, which are recorded only when payment is due. However, since debt service resources are provided during the current year for payment of long-term principal and interest due early in the following year (within one month), the expenditures and related liabilities have been recognized in the Debt Service Fund.

Property taxes, intergovernmental grants and aid, tuition, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

*Major Governmental Funds*

The *General Fund* is the District's primary operating fund. It accounts for all resources used to finance District maintenance and operation except those required to be accounted for in other funds. For budget purposes, it is described as the Maintenance and Operation Fund by Arizona Revised Statutes (A.R.S.) and is budgeted within four subsections titled regular education programs, special education programs, and pupil transportation.

Within the governmental fund financial statements, the General Fund includes the following individual funds: Maintenance and Operations (001), Medicaid (290), School Plant (500), Auxiliary Operations (525), Gifts and Donations (530), Insurance Proceeds (550), Litigation Recovery (565), Indirect Cost (570), Unemployment Insurance (570), Unrestricted Capital Outlay (610), Energy and Water Savings (665), and Employee Insurance Program Withholdings (855).

The *Special Projects Fund* accounts for the revenues and expenditures of state and federally funded projects.

The *Bond Building Fund* accounts for proceeds from district bond issues that are used for acquiring or leasing school sites; constructing or renovating school buildings; supplying school buildings with furniture, equipment, and technology; improving school grounds; purchasing pupil transportation vehicles.

The *Debt Service Fund* accounts for resources accumulated and used for the payment of long-term debt principal, interest and related costs.

**OSBORN ELEMENTARY SCHOOL DISTRICT NO. 8**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Assets, Deferred Outflows of resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity**

**Deposits and Investments**

Arizona Revised Statutes (A.R.S.) requires the District to deposit certain cash with the County Treasurer. That cash is pooled for investment purposes, except for cash in the Debt Service and Bond Building Funds, which are invested separately. As required by statute, interest earned by the Bond Building Fund is recorded in the Debt Service Fund.

A.R.S. authorize the District to invest public monies in the State and County Treasurer’s investment pools; U.S. Treasury obligations; specified state and local government bonds; and interest-earning investment contracts such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories. Statute authorizes the District to deposit monies of Auxiliary Operations and Student Activities in bank accounts. Monies in these funds may also be invested. In addition, statute authorizes the District to maintain various bank accounts such as clearing accounts to temporarily deposit receipts before they are transmitted to the County Treasurer; revolving accounts to pay minor disbursements; and withholding accounts for taxes, employee insurance programs, and federal savings bonds. Some of these bank accounts may be interest bearing.

Statute does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk. Statute requires collateral for deposits of monies at 102% of all deposits not covered by federal depository insurance.

The State Board of Investments provides oversight for the State Treasurer’s pools, and the Local Government Investment Pool Advisory Committee provides consultation and advice to the Treasurer. The fair value of a participant’s position in the pool approximates the value of that participant’s pool shares. No comparable oversight is provided for the County Treasurer’s investment pool, and that pool’s structure does not provide for shares.

**Property Taxes Receivables**

The Maricopa County Treasurer is responsible for collecting property taxes for all governmental entities within the County. The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

The District does not report a reserve for uncollectible property taxes as they are considered 100 percent collectible due to the County attaching a lien against all amounts past due as noted above.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Assets, Deferred Outflows of Resources, liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)**

**Intergovernmental Receivable**

Intergovernmental receivables are comprised of the following:

State equalization	\$	20,174
Instructional Improvement		76,431
State grants		283,156
Federal grants		2,800,975
NSLP reimbursements		16,735
Total Intergovernmental	<u>\$</u>	<u>3,197,471</u>

**Inventories**

Inventories consist of expendable supplies held for consumption. Inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when purchased rather than when consumed and inventories of governmental activities are recorded as expense when consumed. The District did not report any inventories during the current fiscal year.

**Short-Term Interfund Receivables and Payables**

During the course of operations, individual funds within the District’s pooled cash accounts may borrow money from other funds within the pool on a short-term basis. These receivables and payables are classified as “due from other funds” or “due to other funds” on the balance sheet of the fund financial statements and are eliminated in the preparation of the government-wide financial statements.

**Deposits**

Deposits in the amount of \$54,629 represents cash deposits with Mohave Educational Services in the food service cooperative, and the remaining balance represents other monies on deposit with vendors.

**Capital Assets**

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year.

Property, plant and equipment purchased or acquired is carried at historical cost or estimated historical cost. Contributed assets are recorded at acquisition value. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on a straight-line basis over the following estimated useful lives:

<u>Asset Class</u>	<u>Years</u>
Land improvements	5-40 years
Building and improvements	20 years
Vehicles, equipment, furniture	3-20 years

**Assets, Deferred Outflows of Resources, liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)**

**Deferred Outflows of Resources**

The deferred outflows of resources reported in the government-wide financial statements represent the reacquisition costs related to the refunding of bonded debt. The reacquisition costs are amortized and expensed over the lesser of the maturity of the refunded bonds or the refunding bonds. Deferred outflows related to the pension and OPEB represent a consumption of net assets that applies to future periods.

**Compensated Absences**

The liability for compensated absences reported in the government-wide financial statements consists of unpaid, accumulated leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

**Pensions Plans and Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB (asset) liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the Arizona State Retirement System (ASRS) and additions to/deductions from ASRS's fiduciary net position have been determined on the same basis as they are reported by ASRS or by actuaries for the District single employer OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Deferred Inflows of Resources**

The deferred inflows of resources reported in the governmental fund financial statements represent resources that are not available to the District as of June 30, 2024 or within 60 days of fiscal year end. The deferred inflows of resources represent a reconciling item between the governmental fund and the government-wide financial statements. Deferred inflows related to the pension and OPEB represent an acquisition of net assets that applies to future periods.

**Net Position**

In the government-wide financial statements, net position is reported in three categories: investment in capital assets; restricted net position; and unrestricted net position. The investment in capital assets is separately reported because the District's capital assets make up a significant portion of total net position. Restricted net position account for the portion of net position restricted by parties outside the District. Unrestricted net position is the remaining net position not included in the previous two categories.

**Assets, Deferred Outflows of Resources, liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)**

**Fund Balance**

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, committed, assigned, and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form such as inventories or are legally or contractually required to be maintained intact.

Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations. The committed fund balances are self-imposed limitations approved by the District’s Governing Board, which is the highest level of decision- making authority within the District. Only the District Governing Board can remove or change the constraints placed on committed fund balances through formal board action at a public meeting. Fund balances must be committed prior to fiscal year-end. Assigned fund balances are resources constrained by the District’s intent to be used for specific purposes but are neither restricted nor committed. The District’s Governing Board has not authorized any management officials to make assignments of resources for a specific purpose.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

The District has not adopted a spending priority policy. When an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, in accordance with GASB 54, the District uses restricted fund balance first. For the disbursement of unrestricted fund balances, the District follows the spending policy described in GASB 54 to use committed amounts first, followed by assigned amounts, and lastly unassigned amounts.

The District has classified its fund balances as follows:

	General Fund	Special Projects Fund	Bond Building Fund	Debt Service Fund	Non-Major Governmental Funds	Total Governmental Activities

**NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

The District adopts an annual operating budget for expenditures for all governmental fund types on essentially the same modified accrual basis of accounting used to record actual expenditures (See Notes to Required Supplementary Information for exceptions). The Governing Board presents a proposed budget to the Superintendent of Public Instruction and County School Superintendent on or by July 5. The Governing Board legally adopts the final budget by July 15, after a public hearing has been held. Once adopted the budget can be increased or decreased only for specific reasons set forth in the A.R.S. All appropriations lapse at year-end.

Budgetary control over expenditures is exercised at the fund level. However, the General Fund is budgeted within four subsections (see preceding description of General Fund), any of which may be over-expended with the prior approval of the Governing Board at a public meeting, providing the expenditures for all subsections do not exceed the General Fund’s total budget.

The District exceeded its final budget within the following subsections:

	<b>Expenditures and Other Uses</b>		
	<b>Budget</b>	<b>Actual</b>	<b>Excess</b>
General Fund			
Pupil transportation	\$ 1,269,412	\$ 1,301,062	\$ 31,650

An annual budget of revenue from all sources for the fiscal year is not prepared.

**NOTE 3 – DEPOSITS AND INVESTMENTS**

Deposits and investments at June 30, 2024 consist of the following:

Deposits:	
Cash in bank	\$ 217,674
Investments:	
Cash on deposit with county treasurer	54,983,167
Total deposits and investments	<u>\$ 55,200,841</u>

**Deposits**

*Custodial Credit Risk* – This is the risk that, in the event of a failure by a counterparty, the District will not be able to recover its deposits or collateralized securities that are in the possession of an outside party. The District had a carrying value of \$217,674 of cash on deposit with a local financial institution and a bank balance of \$325,173 at June 30, 2024. The District does not have a formal policy regarding custodial credit risk. However, of the bank balance \$250,000 was insured by federal depository insurance with the remainder insured by the State of Arizona’s Pooled Collateral program.

**NOTE 3 – DEPOSITS AND INVESTMENTS (CONTINUED)**

**Investments**

At June 30, 2024, the District’s investments were reported at fair value. The District’s investments consisted of only cash on deposit with the County Treasurer.

*Custodial Credit Risk* – The District’s investment in the County Treasurer’s investment pools represents a proportionate interest in those pools’ portfolios; however, the District’s portion is not identified with any specific investment and is not subject to custodial credit risk.

*Interest Rate Risk* – The District does not have a formal investment policy regarding interest rate risk; however, the District manages its exposure to declines in fair values by limiting the average maturity of its investment portfolio to one year or less.

*Credit Risk* – The District does not have a formal investment policy regarding credit risk. However, the District is prohibited by state law from investing in investments other than State and County Treasurer’s investment pools, U.S. Treasury obligations, specified state and local government bonds and interest-earning investment contracts such as savings accounts, certificates of deposit, and repurchase agreements. The District’s investment in the County Treasurer’s investment pool did not receive a credit quality rating from a national rating agency.

**NOTE 4 – UNAVAILABLE REVENUES**

Property taxes are recognized as revenues in the fiscal year levied in the government-wide financial statements and represent a reconciling item between the government-wide and fund financial statements. In the fund financial statements property taxes are recognized as revenues in the fiscal year they are levied and collected or if they are collected within 60 days subsequent to fiscal year-end. Property taxes not collected within 60 days subsequent to fiscal year-end or collected in advance of the fiscal year for which they are levied are reported as deferred inflows of resources.

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also record unearned revenue in connection with resources that have been received, but not yet earned.

At the end of the current fiscal year, the various components of deferred inflows of resources reported in the governmental funds were as follows:

	<u>Unavailable</u>
Delinquent property taxes receivable:	
General Fund	\$ 579,107
Debt Service Fund	148,531
Leases receivable:

**NOTE 7 – LONG-TERM OBLIGATIONS (CONTINUED)**

**General Obligation Bonds Payable**

Bonds payable at fiscal year-end consisted of the following outstanding general obligation bonds. The bonds are noncallable with interest payable semiannually. Property taxes from the Debt Service Fund are used to pay bonded debt. During the current fiscal year, the District issued \$25,025,000 of School Improvement Bonds at a premium of \$2,479,659. This issuance was the first issuance of the 2023 authorization. Of this authorization, \$72,975,000 remains unissued. The District’s legal debt limit is \$165.8 million, and the available margin is \$99.3 million.

As of June 30, 2024, the current outstanding bonds are as follows:

**NOTE 8 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The District was unable to obtain general property and liability insurance at a cost it considered to be economically justifiable. Therefore, the District joined the Arizona School Risk Retention Trust, Inc. (ASRRT). ASRRT is a public entity risk pool currently operating as a common risk management and insurance program for school districts and community colleges in the State. The District pays an annual premium to ASRRT for its general insurance coverage. The agreement provides that ASRRT will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of specified amounts.

The District's employees have health insurance coverage with the Kairos Health Arizona, Inc. (Kairos). Kairos is a public entity risk-sharing and insurance purchasing pool. The District pays a monthly premium to Kairos for employees' health insurance coverage. If the pool becomes either insolvent or is otherwise unable to discharge its legal liabilities and other obligations, the District may be assessed an additional amount not to exceed the original required annual contribution to the pool.

The District joined the Arizona School Alliance for Workers' Compensation, Inc. (Alliance) together with other school districts in the state for risks of loss related to workers' compensation claims. The Alliance is a public entity risk pool currently operating as a common risk management and insurance program for school districts in the State. The District pays quarterly premiums to the Alliance for its employee workers' compensation coverage. The agreement provides that the Alliance will be self-sustaining through members' premiums and will reinsure through commercial companies for claims in excess of specified amounts for each insured event.

The District continues to carry commercial insurance for other risks of loss, including employee dental and life insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**NOTE 9 – CONTINGENT LIABILITIES**

*Compliance* – Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures/expenses that may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any to be immaterial.

*Litigation* – In the normal course of business, the District is exposed to various contingent liabilities such as claims and lawsuits for which no provision has been made in the basic financial statements. The District's management is of the opinion that insurance coverage is adequate to cover any possible losses.

**NOTE 9 – CONTINGENT LIABILITIES (CONTINUED)**

*Qasimyar v. Maricopa County* – A class-action judgement was made between Maricopa County and the plaintiffs by the Tax Court. As a result of the judgment, the Assessor’s Office submitted resolutions to the Treasurer’s Office, which in most cases resulted in a decrease to the Limited Property Value, and a corresponding refund to the taxpayer. The Tax Court ruling is applicable to certain properties during Tax Years 2015-2021 along with adjustments to certain properties for Tax Years 2016-2023. The Treasurer’s Office has published the estimated financial impact for all taxing districts as calculated to February 2024. The estimated financial impact to the District in the amount of \$212,563 was recorded in the General Fund as a Special Item with a corresponding claims payable liability.

**NOTE 10 – LEASES RECEIVABLE**

The District acts as a lessor for several cell tower agreements under the provisions of contracts classified as leases. The related receivables under the lease agreements have been recorded at the present value of their future minimum lease payments as of the inception date. Lease revenue and related interest revenue of are recorded as other local revenue in the General Fund.

Future minimum lease payments to be received under the lease agreements at year end are summarized as follows:

**Arizona State Retirement System**

**Plan Description**

District employees participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined benefit health insurance premium benefit (OPEB); and a cost-sharing, multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2, and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at [www.azasrs.gov](http://www.azasrs.gov).

**Benefits Provided**

The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Retirement Initial Membership Date:	
	Before July 1, 2011	On or After July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 years, age 50* Any years, age 65	30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* Any years, age 65

**NOTE 11 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)**

**Arizona State Retirement System (Continued)**

**Benefits Provided (Continued)**

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. For members with 10 or more years of service, benefits range from \$100 per month to \$260 per month depending on the age of the member and dependents. For members with 5 to 9 years of service, the benefits are the same dollar amounts as above multiplied by a vesting fraction based on completed years of service.

Active members are eligible for a monthly long-term disability benefit equal to two-thirds of monthly earnings. Members receiving benefits continue to earn service credit up to their normal retirement dates. Members with long-term disability commencement dates after June 30, 1999, are limited to 30 years of service or the service on record as of the effective disability date if their service is greater than 30 years.

**Contributions**

In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2024, active ASRS members were required by statute to contribute at the actuarially determined rate of 12.29% (12.14% for retirement and 0.15% for long-term disability) of the members' annual covered payroll, and the District was required by statute to contribute at the actuarially determined rate of 12.29% (12.03% for retirement, 0.11% for health insurance premium benefit, and 0.15% for long-term disability) of the active members' annual covered payroll. In addition, the District was required by statute to contribute at the actuarially determined rate of 9.99% (9.94% for retirement and 0.05% for long-term disability) of annual covered payroll of retired members who worked for the District in positions that an employee who contributes to the ASRS would typically fill. The District's contributions to the pension, health insurance premium benefit, and long-term disability plans for the year ended June 30, 2024, were \$2,523,857, \$23,078, and \$31,110, respectively.

During the fiscal year ended June 30, 2024, the District paid for ASRS pension as follows: 61% from the General Fund, 27% from the Special Projects Fund, and 12% from Nonmajor Governmental Funds.

**Pension Liability**

As of June 30, 2024, the District reported the following asset and liabilities for its proportionate share of the ASRS' net pension/OPEB asset or liability.

The net assets and net liabilities were measured as of June 30, 2023. The total liability used to calculate the net asset or net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2022, to the measurement date of June 30, 2023.

The District's proportion of the net asset or net liability was based on the District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2023, and the change from its proportions measured as of June 30, 2022, were:

	Net (Assets) Liability	District % Proportion	Increase (Decrease)
Pension	\$ 24,933,989	0.15409%	-0.01191%
Health insurance premium benefit	(841,315)	0.15582%	-0.01252%
Long-term disability	20,345	0.15526%	-0.01160%

**Pension Expense**

For the year ended June 30, 2024, the District recognized the following pension and OPEB expense.

	Pension/OPEB Expense
Pension	\$ 3,320,893
Health insurance premium benefit	(97,469)
Long-term disability	20,020
Total Pension/OPEB expense:	<u>\$ 3,243,444</u>

**Deferred Outflows/Inflows of Resources**

As of June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		
	Pension	Health Insurance	Long-Term
		Premium Benefit	Disability
Differences between expected and actual experience	\$ 563,409	\$ 35,502	\$ 18,369
Changes of assumptions or other inputs	-	-	5,369
Changes in proportion and differences between contributions and proportionate share of contributions	337,722	25,209	6,957
Contributions subsequent to the measurement date	2,523,857	23,078	31,110
<b>Total</b>	<b>\$ 3,424,988</b>	<b>\$ 83,789</b>	<b>\$ 61,805</b>

	Deferred Inflows of Resources

<b>Total</b>	<b>\$ 2,096,902</b>	<b>\$ 375,487</b>	<b>\$ 46,830</b>

The amounts reported as deferred outflows of resources related to ASRS pensions and OPEB resulting from District contributions subsequent to the measurement date will be recognized as an increase of the net asset or a reduction of the net liability in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions and OPEB will be recognized in expenses as noted below.

Year Ending June 30:	Deferred Outflows (Inflows) of Resources

**Actuarial Assumptions**

The significant actuarial assumptions used to measure the total pension/OPEB liabilities and assets are as follows:

	Pensions	Health Insurance Premium Benefit	Long-Term Disability
Actuarial valuation date	June 30, 2022	June 30, 2022	June 30, 2022
Actuarial roll forward date	June 30, 2023	June 30, 2023	June 30, 2023
Actuarial cost method	Entry age normal	Entry age normal	Entry age normal
Investment rate of return	7.0%	7.0%	7.0%
Projected salary increases	2.9-8.4%	Not applicable	Not applicable
Inflation rate	2.3%	2.3%	2.3%
Permanent base increases	Included	Not applicable	Not applicable
Mortality rates	2017 SRA Scale U-MP	2017 SRA Scale U-MP	Not applicable
Recovery rate	Not applicable	Not applicable	2012 GLDT

Actuarial assumptions used in the June 30, 2022, valuation were based on the results of an actuarial study for the 5-year period ended June 30, 2020.

The long-term expected rate of return on ASRS plan investments was determined to be 7.00% using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Public equity	44%	3.50%
Credit	23%	5.90%
Real estate	17%	5.90%
Private equity	10%	6.70%
Interest rate sensitive	6%	1.50%
Total	100%

**Arizona State Retirement System (Continued)**

**Discount Rate**

On June 30, 2023, the discount rate used to measure the ASRS total pension/OPEB liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plans’ fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension/OPEB liability.

**Sensitivity of the District’s Proportionate Share of the ASRS Net Pension Liability to Changes in the Discount Rate**

The following table presents the District’s proportionate share of the net pension/OPEB (asset) liability calculated using the discount rate of 7.00%, as well as what the District’s proportionate share of the net pension/OPEB (asset)/liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.00%) or 1 percentage point higher (8.00%) than the current rate.

	Proportionate share of the net liability (asset)		
	Current		
	1% Decrease (6.0%)	Discount Rate (7.0%)	1% Increase (8.0%)
Pension	\$ 37,347,453	\$ 24,933,989	\$ 14,583,355
Health insurance premium benefit	(588,042)	(841,315)	(1,056,540)
Long-term disability	29,751	20,345	11,092

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan’s fiduciary net position is available in the separately issued ASRS financial report.

**Contributions Payable**

The District’s accrued payroll and employee benefits included \$75,875 of outstanding pension amounts payable to ASRS for the year ended June 30, 2024.

**NOTE 11 – RESTATEMENTS**

At June 30, 2024, the District recorded a restatement of fund balance to better align its fund balance classifications with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* and the Uniform System of Financial Records (USFR). In the previous year, the Unrestricted Capital Outlay Fund was recorded as a major capital projects fund, whereas it should have been recorded within the General Fund as the monies were not restricted by a third party or committed by the governing board. Within the Statements of Revenues, Expenditures, and Changes in Net Position, the beginning Unrestricted Capital Outlay Fund is recorded within the General Fund. Additionally, the Gifts and Donations Fund, School Plant Fund, Insurance Proceeds Fund, and Energy and Water Savings Fund were recorded as other special revenue funds (nonmajor) in the prior year, but are similarly not restricted by a third party or committed by the governing board, thus have been consolidated into the General Fund. Finally, the District consolidated its federal and state grant funds into a single opinion unit.

In addition, the District recorded a restatement of fund balance to correct an error within the fund balance of the General Fund. The District recorded \$725,260 of prepaids in the prior year report. However, these prepaid balances related to subscription-based information technology assets were properly reported on the government-wide financial statements. GASB Statement No. 96 states that prepaid subscriptions should be recorded as a capital expenditure on the fund level and capitalized in the conversion to government-wide reporting.

The net effects of the restatements on the Governmental Activities and Governmental Funds are as follows:

**Governmental Funds**

	Fund balance as previously stated	Fund balance reclassification	Prepaids adjustment	Fund balance as restated

**NOTE 1 – AVAILABILITY OF PRIOR YEAR OPEB INFORMATION**

Information related to the OPEB liability and assets were not presented within the RSI as the amounts were not significant to the financial statements.

**NOTE 2 – BUDGETARY BASIS OF ACCOUNTING**

The District’s adopted budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America, with the following exception:

- 1) The General Fund as reported in the Statement of Revenues, Expenditures, and Changes in Fund Balances includes the District’s Maintenance and Operation Fund in addition to several other District funds as required by GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*; however, for budgetary purposes, the District prepares a separate Maintenance and Operation Fund budget.

The following adjustments are necessary to present actual revenues, expenditures, other financing sources and uses, beginning fund balance and ending fund balance on a budgetary basis in order to present only the activity of the District’s Maintenance and Operation Fund for budgetary purposes.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Governing Board of  
Osborn Elementary School District No. 8  
Phoenix, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Osborn Elementary School District No. 8 (District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 19, 2024.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Audit Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM,  
REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF  
EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

Governing Board of  
Osborn Elementary School District No. 8  
Phoenix, Arizona

**Report on Compliance for Each Major Federal Program**

**Opinion on Each Major Federal Program**

We have audited Osborn Elementary School District No. 8's (District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2024. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

**Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

**Management's Responsibilities for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

## **Auditors' Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated December 19, 2024, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**JUNE 30, 2024**

---

**NOTE 1 - BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards includes the District's federal grant activity for the year ended June 30, 2024. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE 3 – FEDERAL ASSISTANCE LISTING NUMBERS**

The program titles and Federal Assistance Listings numbers were obtained from the federal or passthrough grantor or the 2024 Federal Assistance Listings.

**NOTE 4 - NON-CASH ASSISTANCE**

Food donations as reported for the Child Nutrition Cluster represents the amount of donated food used during the fiscal year ended June 30, 2024. Commodities are valued at fair value at the time of donation.

**NOTE 5 - INDIRECT COST RATE**

The District did not elect to use the 10 percent de minimis indirect cost rate as covered in 2 CFR §200.414. The District used an indirect cost rate that was approved by the Arizona Department of Education.
